“Therefore, everyone who acknowledges me before people I, too, will acknowledge before my Father in heaven. But whoever denies me before people I, too, will deny before my Father in heaven.... The one who doesn’t take up his cross and follow me isn’t worthy of me.”

Matthew 10:32,33,38

Greetings - from on the road!

The cross is the symbol of our Christian faith. The Cross is a symbol of Christ He who paid the ultimate price on our behalf. The Mount Soledad Cross is a war memorial cross, which symbolize many who paid the ultimate price on our behalf. I am thankful I was able to bring visual attention to this issue throughout the San Diego area where the cross is located. I picked the federal Judges home who ordered the Cross to be taken down. I petitioned city hall to defend the Cross in the courts, went to the churches and pleaded with them to do more than just say it’s a shame what our government is doing. I was encouraged to put special attention on David Jeremiah’s church located in San Diego, because he has a nation wide radio program called “Your Turning Point”.

Ownership of the cross has now been turned over to the federal government I am not sure how this is a long term solution to the problem. The federal government is our problem. Well, anyway it presently is a battle I am no longer involved in.

HOMOSEXUALITY

Court nixes student’s free speech rights

In California, a three-judge panel of the 9th U.S. Circuit Court of Appeals has ruled that a San Diego high school student may be barred from wearing a T-shirt displaying Christian messages in opposition to homosexuality.

The 2-1 decision upheld a lower-court ruling against Chase Harper, who was suspended by Poway High School for wearing a T-shirt displaying the messages: “Homosexuality is shameful” and “Our school embraced what God has condemned.”

Harper had worn the shirt – without

incident – during an annual pro-homosexual event in 2004 known as the “Day of Silence.” But when he wore it to school the next day and was ordered to remove it, he refused. The lawsuit emerged from that confrontation.

The majority opinion, written by Judge Stephen Reinhardt, said Poway did not violate Harper’s constitutional rights to religious expression because the message on his shirt was offensive to homosexual students, who were a protected minority.

Reinhardt is well known to pro-family groups, as his rulings in two other infamous cases have been controversial: that

the Pledge of Allegiance cannot be cited in schools because it contains the words, “one nation, under God;” and that parents have no “fundamental right” to be the exclusive provider of information regarding sexual matters to their children.

Steve Crampton, chief counsel for the AFA Center for Law and Policy, said he believed the timing of Reinhardt’s latest ruling was no coincidence, coming as it did just prior to this year’s national “Day of Silence” protest on April 26.

In an increasing number of schools, Crampton said, homosexuals have “become ‘super citizens,’ and Christians in particular are second-class [and are] not allowed to voice their own deeply held religious convictions on this subject.”

Homosexuals Day of Silence in our high Schools

The federal 9th Circuit court made another illegal, unconstitutional decision in direct violation to the first amendment of the US constitution. They have stated that the school administrators can censor t-shirts worn by Christians stating homosexuality is wrong.

Dick Odersteck laid out great strategy of civil disobedience to challenge this 9th Circuit

courts decision. The students were to wear their "No Gay" T-shirts to school on the day of silence and be willing to be suspended. The plan was then to have hundreds of us (Mostly Russians) ready to picket the school when the students were suspended. The plan went off but most of the students compromised under the pressure of the school administration. There were 13 students suspended at one school and 2 at another. There were about 100 faithful picketers - mostly students. Very few of the parents were there and none of the Russian pastors showed up. This was a great disappointment from what we had hoped.

During these demonstrations I had only one threat of arrest by police. They said I was inciting a

GAY RIGHTS FACE-OFF

Students at Mira Loma High School on Wednesday conduct an after-school protest of the Day of Silence, a student-run effort to promote tolerance and highlight the struggles of gay, lesbian, bisexual and transgender students. Christian students at other area high schools also demonstrated against homosexuality.

riot by driving the truth truck up and down the street in front of the school. There was a great uproar as I drove by - The Christians on one side of the street and the anti Christians homosexual students on the other side.

Dick Odersteck was dressed as George Washington; he carried the US constitution on a pole in one hand and the American flag in the other. The plan was - if there was to be an arrest - the media would state that it was George Washington being arrested not Ronald Brock for inciting a riot. For the next 2 days we continued picketing the schools. The adults of the Russian Church did not fair up much better than the American church.

On the third day the parents compromised and had there children go back to school. Christians once again chose that tyranny would reign in America rather than stand on God's moral righteousness.

WHAT THESE BILLS DO

SB 1437 would prohibit textbooks, instructional materials, and school-sponsored activities from "reflecting adversely" on transsexuality, bisexuality, or homosexuality; it requires positive portrayals of these sexual lifestyles in curriculum in grades as young as kindergarten. As a result, public schools will have to promote "same-sex marriages" and even sex-change procedures.

AB 606 would authorize the state Superintendent of Public Instruction to arbitrarily withhold state funds (around 2/3rds of a school district's budget) from any district that does not adequately promote transsexuality, bisexuality, or homosexuality. This bill also repeals the current law that prohibits transsexual, bisexual, and homosexual curriculum from being forced upon local schools.

PROTECT CALIFORNIA SCHOOLCHILDREN

A trio of bills in the California State Legislature would force your local public school to sexually indoctrinate children as young as kindergarten.

But these bad bills can be stopped if you do your part today.

Illegal to preach

AB 1437- Would make it illegal to preach the sin of homosexuality is wrong, or the physical, emotional consequences that comes to those who practice this lifestyle in our public schools here in CA. Focus on the Family has preempted 3 of their programs alerting us about this bill. James Dobson stated "As goes CA, goes the Nation". He also stated "why won't the parent defend their children". That grieves this missionary also

The Good Samaritan ...Jesus replied, "A man was going down from Jerusalem to Jericho when he fell into the hands of bandits. They stripped him, beat him, and went away, leaving him half dead. By chance, a priest was traveling along that road. When he saw the man, he went by on the other side. Similarly, a Levite came to that place. When he saw the man, he also went by on the other side. But as he was traveling along, a Samaritan came across the man. When the Samaritan saw him, he was moved with compassion. He went to him and bandaged his wounds, pouring oil and wine on them. Then he put him on his own animal, brought him to an inn, and took care of him. Luke 10:30-34

My time seems to have to become overwhelmingly taken up in this homosexual battle. I do not like this battle (or should I say I like being involved in this issue less than I do others). The Lord has just put this issue on the road in my path Luke 10:33. I do not believe I should pass it by. He did the same with the abortion issue back in 1988. This issue is all around me in CA and has to be fought!

Where was I in January in 1973 when Roe V. Wade became the law of the land. I imagine I was sleeping along with the rest of the Christians. Bernard Nathison (a key promoter of Roe V. Wade) stated "if the church would have been there to offer any resistance, they would have never gotten away with passing Roe V. Wade."

This homosexual madness seems to have taken over this country. Pastor Tony Evens said "as a society, we have gone morally insane". It appears we are continually losing ground on this issue, but now I am no longer asleep. I must be involved fighting this issue. From my understanding of biblical history the last two issues that mark the end of a culture is the acceptance of child sacrifice (abortion) and homosexuality. As a nation, we are there!

Luke 10:31 the priest (our clergy) and the Levites (the church - us) have past by this issue. I believe we must become involved or the battle is lost, and we will be done-in as a nation.

Burning of the Rainbow Flag - At the Mount Soledad Cross. Our goal - since our government would not defend Terri Schiavo from being starved to death, would not defend the removal of the ten commandments, at that time it was questionable if the necessary steps would be taken to defend the Cross and the Supreme Court had just handed down their decision they would not defend the American flag from being burned. Would they now defend the Rainbow flag from being burned?

Great lakes tour- Missionaries to the Preborn
We toured WI, MI, OH, and IN for 2 weeks. I was part of that mission for 2 ½ yrs. back in 1992 – ’94. I always look forward to serving with them on their tours. They line the street with about 60 pictures showing the graphic truth of what abortion is. Their evangelist use bullhorns preaching the gospel to those motorists passing by. They call America to repent from this sin of abortion and come to Christ.

Minutemen United Event - In Ohio held at the New Beginnings Church of God over 20 people were baptized in the river. These Christians received the baptism of repentance from the sin of omission (apathy) into being Christian Soldiers, willing to confront our culture on the moral issues before us, willing to defend the children. Exodus 14:15 Then the LORD said to Moses, “Why are you crying out to me? (Quit praying) Tell the people to get moving! My assignment on Sunday was to tour all the churches in town confronting them with the sin of homosexuality.”

Jackson, MS Operation Save America Event – In this event that was located in heart of the Bible belt, the police were making up there own laws and enforcing them. They arrested about 15 of us. This cop I am talking to first said I was violating their ordinance of cruising - I responded “that I was petitioning our government for readiness of grievance”. Then he said I needed a parade permit - how can one vehicle be a parade. He arrested me for disorderly conduct when I insisted he give me the numbers of the ordinance he said I was in violation of. As I was leaving he stated if I drove by again he would impound my Truth Truck. He also stated he was indeed a believer. Matthew 7:21 states “**Not everyone who says to**

Parents fight back in Massachusetts city

In Lexington, Massachusetts, parents who oppose the promotion of homosexuality became irate when Heather Kramer, a second-grade teacher at Estabrook Elementary School, decided to read a book to her students that normalized gay marriage.

King & King, a book for children, is a tale about a young prince who can't find a princess he wants to marry. Then, one

day, he spies another prince and decides to marry him. Following the wedding, the picture book shows them kissing.

Parents complained that state law requires parental notification before human sexuality issues are broached in public school settings. In response, however, both the Estabrook principal and Kramer told parents

Rob and Robin Wirthlin that same-sex marriage was not a human sexuality issue, and that no notification would be given in the future.

It's not the first time that homosexuality has been controversial in Lexington, especially since the state became the first in the U.S. to legalize same-sex marriage. Last year David Parker, the parent of a kindergarten student, was arrested when he demanded assurances that his son would not have to sit through lessons promoting homosexuality. Charges were dropped, but Parker was banned from school property.

Parker, along with his wife Tonia, and the Wirthlins have been forced to file a federal

civil rights lawsuit against the city of Lexington and Estabrook school officials.

"Parents are tired of school officials interfering with the moral and religious upbringing of their young, impressionable children," Parker told the Massachusetts-based Article 8 Alliance, a pro-family group that has been fighting the gay agenda in that state since 1995.

Two homosexuals kissing - (referring to the article above) this abomination is being taught to our children as normal. Laws to this nature are now in the making. Proverbs 31:8 states that we are to "Speak up for those who can not speak for themselves." To do otherwise "Your silence is forming the chains that will eventually bind you." Freedom of speech to speak out against the sin of homosexuality is already illegal in Canada. Those laws are coming here!

Vote in November

Christ commanded us to "Render therefore to Caesar the things that are Caesar's, and to God the things that are God's." Matthew 22:21. God told us we were to rule in Genesis 1:28. He gave us the standard of what is good and bad throughout the scriptures. James 4:17 tell us to not do good is sin. Not to vote for his righteousness is being disobedient to God which is sin.

How to vote – We are called to be Christ ambassadors 2 Corinthians 5:20. The scriptures will tell you how Christ would vote. We are called to represent his righteousness in the world.

What about our compromising nature – What we think – voting the lesser of two evils – throwing our vote away. Proverbs 3:5,6 says "Trust in the LORD with all your heart, and lean not on your own understanding; in all your ways acknowledge Him, And He shall direct your paths."

God does answer prayer

We

pray all the time that God will remove the blight of abortion from our land, and when he does, we complain about it. He is just answering our prayers isn't He.

For months there were no abortions in New Orleans. In fact, I am not sure if there are any abortion mills left in that city. God answered the prayers of the Christians in New Orleans, but not the way they wanted Him to.

Our prayers should be, GOD ENABLE US TO END THIS AWFUL HOLOCAUST. If we try and are unable to stop the killing, then God will help us, in a more pleasant way.

RED TIDE

This is a little known fact, but right after Terry Schievo-Schindler was starved to death, a judgment from God fell on the west coast beaches of Florida. Red Tide came out of nowhere and soon all the fish in the area began to die. Their dead carcasses were found by the thousands each day on the cost line of Sarasota and Pinellas counties. The stench was unbearable. One hotel owner told me that the economy of the area was decimated because of the dead fish and the awful smell. He said, that 4th of July weekend was so bad that most of the motels were empty and the beaches void of people. But you never read about this in your paper.

Lord I pray-

That you open the eyes of those who cannot see the need for us all to take a stand, the need for us all to be willing to fight for the moral fiber of this country, to take back the moral standard it is founded on, this moral standard is why I believe you have blessed America in prosperity to a greater level than any nation in history. Have mercy on us – Amen
